

Athletes work hard to earn their medals so why not show them off? This product was created for a friend of the company who had tons of medals collecting dust in a dresser drawer. Once we created this for her, several other athletes asked her where she got it.

Cabin Craftworks has created an engraveable medal holder! Even the event at the top can also be customizable (Ex: Ironman, Triathlon, Judo, Wrestling, etc...) so you can make this perfect for your customers!

Each design is made from 3/8" smoke gray acrylic and includes 2 aluminum hidden fastener mounts. Your sign will measure approximately 6" tall and 24" wide and will stand off the wall about 3/4".

These are made right here in Fredericksburg, Virginia by a woman owned small business! Since we own and operate a CNC Kern Laser, we can offer these custom products to your company at competitive prices.

Wholesale prices and quantities available! We're always happy to discuss your custom or unique needs. Give us a call or send us an email today to discuss what we can do for you!
